

Chinese Mobile Secret Codes

General

Secret codes for Chinese Mobiles:

After a lots of request of users, now I publish the secret codes for most type of china brands mobile phone. Nokia N-Series: N95, N93, N73, N931, N83, N8800, and more available in Chinese models. They have features like touchscreen, two camera, 2 SIM slot, two battery, two charger, and some of other features. Most Chinese phones have same software and features, but have different in looks. These phone have a range of under 2k-8k (INR). Sony Ericsson phones also available in Chinese models and soon will here.
